

TABLE OF CONTENTS

SECTION 1: CELL BIOLOGY

CELL MEMBRANE

- Exercise 1: Phospholipids*
- Exercise 2: Membrane Structure*
- Exercise 3: Membrane Components*
- Exercise 4: Membrane disruption*
- Exercise 5: Membrane Transport*
- Exercise 6: Tonicity*
- Exercise 7: Osmosis*
- Exercise 8: Cell-Cell Interactions*
- Exercise 9: Second Messengers*
- Exercise 10: Membrane Protein Synthesis*

ORGANIC HYDROCARBONS IN CELLS

- Exercise 1: Macromolecules*
- Exercise 2: Fatty Acids*

ENZYMES

- Exercise 1: What is an enzyme?*
- Exercise 2: Enzyme Reaction Rate*

PHOTOSYNTHESIS AND RESPIRATION

- Exercise 1: Photosynthesis and Respiration Overview*
- Exercise 2: Respiration*

SECTION 2: GENETICS AND BIOTECHNOLOGY

PROTEIN SYNTHESIS

- Questions and Exercises*

CELL DIVISION, MITOSIS AND MEIOSIS

- Exercise 1: Meiosis 1 Prophase*
- Exercise 2: Meiosis Stages*
- Exercise 3: Mitosis and Meiosis*

MENDELIAN GENETICS

- Exercise 1: Mendel's Law of Independent Assortment*
- Exercise 2: Is it a Boy or a Girl?*

GENETIC DISEASE

- Exercise 1: Down Syndrome*
- Exercise 2: Turner Syndrome*
- Exercise 3: Prince Alexis*
- Exercise 4: Sickle Cell Anemia*
- Exercise 5: Case Study for Sickle-Cell Anemia*

PEDIGREE STUDY

- Exercise 1: An Unexpected Gene*

FORENSIC SCIENCE

- Exercise 1: A Thief at School*
- Exercise 2: The Prince, an Imposter or Real?*
- Exercise 3: Jesse James: Imposter or Real?*

IN A RESEARCH LABORATORY

- Exercise 1: Where Is the Clone?*
- Exercise 2: Blotting*
- Exercise 3: In Search of the Gene*

CLONING ACTIVITY

SECTION 3: BEYOND THE BASICS

- Exercise 1: Gene Targeting: Antisense RNA technology and RNA interference technology*
- Exercise 2: Necrosis and Apoptosis*
- Exercise 3: Sickle Cells and Lethal Malaria*

Exercise 4: Second Messengers

DISCUSSION QUESTIONS ON CONTROVERSIAL ISSUES IN BIOTECHNOLOGY

ANSWERS

SECTION 1. CELL BIOLOGY

ORGANIC HYDROCARBONS IN CELLS

ENZYMES

PHOTOSYNTHESIS AND RESPIRATION

SECTION 2. GENETICS AND BIOTECHNOLOGY

PROTEIN SYNTHESIS

CELL DIVISION

MENDELIAN GENETICS AND BIOTECHNOLOGY

GENETIC DISEASES

PEDIGREE STUDY

FORENSIC SCIENCE

IN A LABORATORY RESEARCH

SECTION 3: BEYOND THE BASICS
